WE'RE CLEANING UP OUR ACT!

Dear Valued Customer,

Superior Products is pleased to announce the latest upgrade to our manufacturing processes. We recently acquired a new Durr-EcoClean system that will allow us to reduce our waste stream into the environment and improve efficiency, while continuing to provide the high-quality, cleaned for oxygen parts you expect from Superior Products.

Sincerely,

Superior

QUICK FACTS ON OUR NEW PART CLEANING SYSTEM:

In addition to providing you with the *on-time, defect-free* parts you expect from *Superior Products*, the new cleaning system will greatly reduce our waste stream into the environment

The new Durr-EcoClean system is a closed loop system, **saving over 2,000,000 gallons of water per year**, a **98.5% reduction** in water usage!

With the new cleaning system in place, our part cleaning process will use **less than 2/3 of the water** the average person uses.
