

Dear **Valued Customer,**

July 31, 2018

California Proposition 65 requires all products sold into California that contain any of the substances included on a specific list, which does include lead, must be accompanied by a Warning affixed to the product that is reasonably calculated to warn California users of the presence of the substance. Compliance with these provisions is required by August 31, 2018.

To comply with the law, Engineered Controls International, LLC, will supply your company with adhesive labels at no charge that can be affixed to any product you sell into California that is manufactured by us or any product you sell that contains one of our products as a component part. This includes but is not limited to ECI, LLC brands RegO[®], Goddard[®], Macro Technologies[™], Superior Products[®], and includes, valves, and regulators, for LP-Gas, Anhydrous Ammonia, Industrial Gas, Cryogenic and LNG gases and liquids and Flow Control Products.

Accompanying this letter is an initial supply of labels at no charge; these labels can be applied to any products manufactured by Engineered Controls International, LLC that are sold to your customers in California. We will supply you with additional stock of labels at no charge as you require them.

Below is an example of a warning label.

WARNING: This product can expose you to chemicals including lead which is known to the state of California to cause cancer, birth defects or reproductive harm. For more information, go to www.P65Warnigns.ca.gov.

Please confirm by email to Engineered Controls ballred@regoproducts.com or in writing to Bennett Allred, Engineered Controls International, LLC, 100 RegO Drive, Elon, NC 27244 that you have received this letter and the warning materials.

Sincerely,

Bob Paul
Vice President of Sales
Engineered Controls International, LLC
